## SAIPA AZIN Company

**SAIPA AZIN** Company is one of the most reputable OEM producers of automobile interior trim parts and seats. Since the company was founded in 1996 has made this possible by providing a working environment for 1330 employees which shaped for more than 2500 sets per day into a strong group.

Our company's success is thanks to our employees' ideas and technological expertise.

Our engineers work on the further development of our products and processes. The expertise in mechanics and electrics made us able to respond to automobile local trends. It is the task of more than 60 engineers and technicians to the challenge of sorting out requirements for lightweight design, comfort and safety.
